

IQ FEDERAL & CRITICAL INFRASTRUCTURE SOLUTIONS

GOVERNMENT CAPABILITY STATEMENT

UEI D3L8W7BG5P85 CAGE 7YNB8 PSC 6145

WIRE & CABLE

ELECTRICAL INFRASTRUCTURE

AI-ENABLED INVENTORY

NATIONWIDE LOGISTICS

IQ Supply Solutions is a WOSB, WBE and SBE supply-chain and material-management company supporting electrical, infrastructure, industrial and complex construction projects. IQ combines strategic procurement with AI-enabled warehouse operations, secure storage, real-time inventory visibility, project staging and just-in-time delivery - giving government customers and prime contractors one accountable partner from sourcing through jobsite release.

CORE CAPABILITIES

- Medium-voltage cable procurement: copper and aluminum conductors, including 1/0, 250, 350, 600 and 750 kcmil
- Bulk wire and cable sourcing, reel handling, receiving, inspection and project-dedicated storage
- Electrical distribution products, power components and specification-driven sourcing
- AI-enabled WMS with barcode/RF scanning, customer inventory access and real-time material tracking
- Project staging, phased releases, kitting and just-in-time jobsite delivery
- QA/QC inspection support, controlled material release and nationwide delivery coordination

WIRE & CABLE FOCUS

- 5kV-35kV medium-voltage applications; MV-105 / UL-1072-type requirements
- EPR / TR-XLPE / XLPE configurations as specified
- THHN/THWN, building wire, specialty cable and cable assemblies
- Primary supply relationship with U.S. cable manufacturer WTEC Energy
- Project-specific cuts, reels and scheduled material releases

OPERATIONAL DIFFERENTIATORS

- 210,000 sq. ft. AI-enabled stand-alone warehouse facility
- 2-acre fenced outdoor storage yard plus 5,000 sq. ft. climate-controlled storage
- 14 dock-high loading bays plus oversized drive-in ramp bay
- 60,000-lb-capacity forklift for large material loads
- Fully racked, insured and access-controlled storage
- Established commercial operation with approximately \$20M annual revenue and 15 employees

WHY IQ FOR GOVERNMENT & PRIMES

- One accountable partner for procurement, storage, staging and delivery
- Rapid RFQ evaluation, sourcing and pricing supported by AI-enabled workflows
- Reduce jobsite congestion and protect critical material from premature delivery
- Reel/item-level inventory visibility and disciplined material release
- Support phased schedules, expedited requirements and emergency material needs

FEDERAL PROCUREMENT FOCUS

DLA / DIBBS supply opportunities and recurring IQCs
DoD, Army, Navy, Air Force and USACE
Federal infrastructure agencies and prime contractors
